Classes I'm taking at my high school:
1)
2)
3)
4)
5)
6)
7)

Why? If you're already taking a class at the high school, you may not need to take it at the college.

Number of credits I can take each quarter at the college:

Why? This tells us how many classes you can take. This number will stay the same each quarter, as long as you don't add or drop any classes at your high school.
