

## Running Start Passing Grade Verification

To participate in their high school graduation ceremony, Running Start students must verify they are on track to pass any course that will be used to fulfill a high school graduation requirement. Edmonds School District policy requires students to be within 1.0 high school credits of graduation. This form requests confirmation of the student's current standing in the named course. Students are responsible for the completion of this form and must return the form to their high school counselor.

For any questions or concerns regarding this form, please contact the Director of Running Start via email: [nell.colyn@edmonds.edu](mailto:nell.colyn@edmonds.edu).

### Instructor Information

Instructor Name:

Date:

Signature:

### Instructions

Please check the appropriate box indicating the student's current passing status in the listed course. A 1.0 grade is considered passing for the purposes of this form. If desired, you may provide additional comments. A simple confirmation of "passing" or "not passing" is sufficient. A specific grade is not required.

Passing                      Comments (Optional):

Not Passing
