# FROM THE PRESIDENT

As I reflect on the passing of the one year mark of the arrival of COVID-19 and its impacts on our families, communities, and world, I want to acknowledge the strength and courage we've had as a community.

This spring, we proudly served as a COVID-19 vaccination site in partnership with the Snohomish Health District and Verdant Health Commission. We've also come together during this time and worked hard to support one another while continuing to build for a new, better tomorrow. Though it's been difficult, I'm optimistic that our community will thrive.

Be safe, stay well,

Dr. Amit B. Singh  
Edmonds College President
