

55th Annual
Commencement

**EDMONDS
COLLEGE**

edmonds.edu/commencement

Ahmad Hilal Abid Selected as Winner of Governor's Student Civic Leadership Award

Left to right: EC President Dr. Amit B. Singh, Governor Jay Inslee, and Ahmad Hilal Abid.

The Student Civic Leadership Awards recognize outstanding student leaders from Washington Campus Compact member campuses in Washington and Idaho for their work in civic engagement and social entrepreneurship.

Ahmad Hilal is the first Edmonds College student to receive the Governor's Student Civic Leadership Award. He is graduating with an Associate in Arts, Direct Transfer degree and plans to start working on a paralegal degree next year. He has served as a student leader and organization coordinator within the Center for Student Engagement & Leadership and has assisted as a campus event programmer. He also started the House of Wisdom, a program that helps children and youth of all backgrounds with their schoolwork while teaching values, principles, and customs.

Byeolah Kwon Selected as Member of All-Washington Academic Team

Phi Theta Kappa, an honor society serving two-year colleges, selects team members based on their academic achievements and community service each year.

Byeolah studied computer science at Edmonds College and helped lead the college's Phi Theta Kappa chapter during the pandemic. In the spring, she enrolled at Columbia University in New York. Her goal is to use her bachelor's degree in computer science to be a role model for young women who aspire to be scientists and engineers.

Congratulations to our 2022 Graduates!

Dear Graduate:

Congratulations! Each of you should be very proud as you are standing at the finish line on this leg of your educational journey. Many of you will pursue your bachelor's degree or master's degree and others will start your professional career. Whatever the next step is, I hope you look back at your time at Edmonds College fondly and with pride. You have made a positive impact on the Triton community. I appreciate all your effort to make campus and the world a better place for yourselves, your family, and our community.

I also encourage you to continue to use the Career Action Center. Their services may prove especially useful with online job listings, resume critiques, mock interviews, and assistance with finding an internship. Find out more at edmonds.edu/careeractioncenter.

We want to hear about your future successes, too. Connect with us on social media or share your journey with us at edmonds.edu/yourstory.

I trust that during your time at Edmonds College you've developed an appreciation for the value of lifelong learning. Down the road, you may decide to add more job skills, change careers, or develop a personal interest. We'll be here, and I hope that you'll consider returning so we can help you reach your next goals. Again, congratulations and best wishes as you take your next steps.

Sincerely,

Dr. Amit B. Singh
Edmonds College President

Honors List

Students who wear a gold honor cord have demonstrated outstanding academic achievement by maintaining at least a 3.8 cumulative grade point average in 100-level classes or higher (up until spring quarter) while earning a or certificate at Edmonds College.

Members of Phi Theta Kappa, recognized as the official honor society for community colleges by the American Association of Community Colleges, may wear a gold tassel or a gold stole, indicating they have at least a 3.5 grade point average.

Special Recognition

Students who wear a gold honor cord have demonstrated outstanding academic achievement by maintaining at least a 3.8 cumulative grade point average in 100-level classes or higher (up until spring quarter) while earning a degree or certificate at Edmonds College.

Members of Phi Theta Kappa, recognized as the official honor society for community colleges by the American Association of Community Colleges, may wear a gold tassel or a gold stole, indicating they have at least a 3.5 grade point average.

Additional Commencement Ornamentation

College departments, programs, or clubs may develop and request approval for a standard recognition symbol or ornament (e.g., pin, tassel, stole) that graduates may wear on their cap or gown during the commencement ceremony.

Graduates who are members of the college's veterans club, the Edmonds College Student Veterans Association, will be wearing red, white, and blue cords.

Academic Dress

The academic dress worn by the faculty originates from the Middle Ages, when faculty and students wore caps and gowns to stay warm in cold buildings. The distinctive dress, worn daily in American universities until after the Civil War, served to set the scholars apart from fellow citizens and led to the phrase "town and gown." Such regalia is still worn today by faculty and students in some European universities.

The type of gown and hood distinguishes the wearer by level, academic major, and college or university. The master's gown is made with long, closed sleeves. The doctoral gown has longer sleeves than the master's gown, is faced with black velvet from the hem to the neck and back, and contains velvet chevrons on the sleeves.

The doctoral hood is longer than the master's hood. The colors on the inside of a hood relate to the college or university. For example, the University of Washington's colors are purple and gold and Washington State University's colors are crimson and silver. The color of the velvet on the hood depicts the academic specialization as follows:

- Brown – Architecture and Fine Arts
- Citron Yellow – Social Work
- Dark Blue – Philosophy
- Green – Medicine
- Lemon Yellow – Library Service
- Light Blue – Education
- Light Brown – Business
- Lilac – Dentistry
- Orange – Pharmacy
- Peacock Blue – International Affairs
- Pink – Music
- Purple – Law
- Scarlet – Theology
- White – Arts and Letters
- Yellow – Science

Turning the Tassel

Turning the tassel is the final step in a commencement. Graduates turn the tassel, fastened to the center of the mortarboard, from right to left to signify their new status.
